Coral Shadowbox

Mounting Instructions

Hardware Included: (2) Drywall Anchors
(2) Screws

Tools required:
Pencil / Level / Phillips Screwdriver / Stud Finder

The hardware included with this item is meant for drywall or stud mounting only. If your wall is made from another material such as concrete or plaster, please consult your local hardware store for assistance in selecting the appropriate hardware.

WARNING! Do not mount this item above cribs, beds, or changing tables.

MOUNTING INSTRUCTIONS:

This item includes two D-rings on the back for wall mounting. A paper template is provided with this item to help locate the insertion points of the mounting hardware on the wall.

1. Determine a desired mounting location a wall for the shadowbox. Position the provided template on the wall and make sure it is level. Using a pencil, mark the wall by piercing the paper template at the black dots located within each D-ring. Remove the template. The resulting marks on the wall are the insertion points for the mounting hardware.
2. Use a stud-finder to see if there is a wall stud located at either insertion mark of Step #1. If a mark does align, do not use an anchor there as the provided anchors cannot penetrate wood stud. In this instance, use a screwdriver to secure a screw directly into the wall at that mark. Rotate the screw clockwise until the screw head resides about 3/8 inch from the wall.
3. For marks that do not align with a stud, first install an anchor into the wall. To install the anchor, use a Phillips screwdriver to engage an anchor and then, position the anchor tip against the wall at one of the marks. Rotate the anchor clockwise as you firmly push it into the wall. The anchor will drive itself into the wall like a large screw. Continue rotating until the anchor's head becomes even with the wall surface. Do not over-tighten.
4. Now secure a screw into each installed anchor and use the screwdriver to rotate the screw clockwise until the screw head is about 3/8 inch from the wall.
5. Lift the shadowbox against the wall and position the D-rings over the protruding screw heads. Lower the item so the screws will support the full weight of the item.

CARE INSTRUCTIONS: Wipe with a soft dry or slightly damp cloth.

To protect the finish, do not apply household cleaners or abrasives.

Thank you for your purchase!
