ROWAN COLLECTION

Casual comfort and relaxed style are the hallmarks of our Rowan Collection. Made to a larger scale, this collection is styled with a low back and graceful roll arms, and pairs beautifully with traditional and contemporary furnishings.

## 3 STEPS TO PREPARE FOR SUCCESSFUL FURNITURE DELIVERY

### DELIVERY DIMENSIONS. DOES IT FIT INTO MY HOME?

Before purchasing large furniture, it's a must to take proper measurements of your space to ensure that the piece will not only sit comfortably in the room for which it is intended, but also fit through all of the passageways between the delivery truck and your new furniture's final destination. Use the measuring guidelines below for a successful delivery:

#### 1 MEASURE YOUR SPACE

Identify the space in the room where you intend your piece to sit. Using painter's tape, mark out the dimensions on the floor. Does it fit? Is the scale right for the room? You can also create a floor plan using our online room planner.

Visit [potterybarn.com](http://potterybarn.com) and search: *room planner*

#### 2 COMPARE THE DIMENSIONS OF YOUR RESIDENCE AND YOUR FURNITURE PIECE

Consider the furniture to be delivered and determine if it can go straight through entryways or if it will have to go in at an angle or on its end.

Sofa width must be less than entryway dimensions A or C.

#### DIAGONAL DEPTH

Diagonal depth must be less than entryway dimension B. Diagonal depth is helpful when determining if the piece can be brought in on its end.

#### ARMLESS PIECE

For any piece that does not have arms (such as a wedge), do not use diagonal depth measurement. Instead, be certain that the back height measurement is less than the door width (B).

#### 3 MEASURE ALL DOORWAYS, PASSAGES & STAIRWELLS

Measure the interior height and width of every doorway, staircase, elevator and hallway that the item will pass through. Also consider architectural details and low hanging fixtures as you measure.

We take great pride in our outstanding customer service and our in-home delivery service. In order to ensure complete satisfaction, please take the time to measure carefully before purchasing, and contact a Pottery Barn customer service representative with any additional questions. 1.888.779.5176 / [customerservice@potterybarn.com](mailto:customerservice@potterybarn.com)
