**Adjusting Levelers:**

Due to an uneven floor the furniture may not sit level causing it to wobble. If the Buffet wobbles, determine which corner does not touch the ground correctly. With two people follow these steps:

1. Carefully lift the table slightly to provide access to the levelers attached to the bottom of the corner.
2. Turn the levelers until adequate contact is made with the floor. Gently set down the buffet and check stability.
3. Repeat steps until table sits firmly on the ground.

Care Instructions:

- Dust with a soft dry cloth.
- Wipe spills immediately.
- Avoid using harsh chemicals and abrasives as they may damage the finish. A light application of furniture-quality, clear paste wax should be applied periodically to further protect the surface from minor spills.
- Do not expose to direct sunlight or excessive temperatures.
